AUTHOR Lehane, Dennis.

TITLE Mystic river / Dennis Lehane.

PUBLISHED New York : William Morrow, 2001.

DESCRIPTION 401 p. ; 25 cm.

NOTE "There are threads in our lives. You pull one, and everything else gets affected." When they were children, Sean Devine, Jimmy Marcus, and Dave Boyle were friends. But then a strange car pulled tip to their street. One boy got into the car, two did not, and something terrible happened -- something that ended their friendship and changed all three boys forever. Twenty-five years later, Sean Devine is a homicide detective. Jimmy Marcus is an ex-con who owns a corner store. And Dave Boyle is trying to hold his marriage together and keep his demons at bay -- demons that urge him to do terrible things. When Jimmy Marcus's daughter is found murdered, Sean Devine is assigned to the case. His personal life unraveling, he must go back into a world he thought he'd left behind to confront not only the violence, of the present but the nightmares of his past. His investigation brings him into conflict with Jimmy Marcus, who finds that his old criminal impulses tempt him to

solve the crime with brutal justice. And then there is Dave Boyle, who came home the night Jimmy's daughter died covered with someone else's blood. While Sean Devine attempts to use the law to return peace and order to the neighborhood, Jimmy Marcus finds his need for vengeance pushing him ever closer to a moral abyss from which lie wont be able to return, and Dave's wife, Celeste, sleeps at night with a man she fears may very well be a monster. a monster who fathered her child and hides his true nature from everyone, possibly even himself. A tense and unnerving psychological thriller, Mystic River is also an epic novel of love and loyalty, faith and family, in which people irrevocably marked by the past find themselves on a collision course with the darkest truths of their own hidden selves.

AUTHOR Hillerman, Tony.

TITLE Skeleton man / Tony Hillerman.

EDITION 1st ed.

PUBLISHED New York : HarperCollins, c2004.

DESCRIPTION 241 p. ; 24 cm.

NOTE Hailed as "a wonderful storyteller" by the New York Times, and a "national and literary cultural sensation" by the Los Angeles Times, bestselling author Tony Hillerman is back with another blockbuster novel featuring the legendary Lieutenant Joe Leaphorn and Sergeant Jim Chee. Former Navajo Tribal Police Lieutenant Joe Leaphorn comes out of retirement to help investigate what seems to be a trading post robbery. A simple-

minded kid nailed for the crime is the cousin of an old
 colleague of Sergeant Jim Chee. He needs help and Chee, and his
 fiancée Bernie Manuelito, decide to provide it. Proving the
 kid's innocence requires finding the remains of one of 172
 people whose bodies were scattered among the cliffs of the
 Grand Canyon in an epic airline disaster 50 years in the past.
 That passenger had handcuffed to his wrist an attache case
 filled with a fortune in diamonds-one of which seems to have
 turned up in the robbery. But with Hillerman, it can't be that
 simple. The daughter of the long-dead diamond dealer is also
 seeking his body. So is a most unpleasant fellow willing to
 kill to make sure she doesn't succeed. These two tense tales
 collide deep in the canyon at the place where an old man died
 trying to build a cult reviving reverence for the Hopi guardian
 of the Underworld. It's a race to the finish in a thunderous
 monsoon storm to see who will survive, who will be brought to
 justice, and who will finally unearth the Skeleton Man.
